NYSDEC Endorsed 4-hour Erosion and Sediment Control Training (in-person)

Tuesday, December 7, 1pm-5pm
Saratoga Hilton, 534 Broadway, Saratoga Springs, NY 12866
Price: \$75/person

NYSDEC's SPDES General Permit for Stormwater Discharges from Construction Activity requires a contractor to identify the trained individual responsible for SWPPP implementation on permitted projects, and for project operators, including NYSDOT, to have sites inspected by qualified inspectors.

Trained individuals and qualified inspectors **need four hours of NYSDEC-endorsed training every three years**. This seminar provides the four hours of training in proper erosion and sediment control principles and an overview of the SPDES permit requirements. Course participants will receive certificates of completion to use to verify training.
